#### The University of North Carolina at Chapel Hill Report of the Faculty Athletics Representative for 2015-16 Faculty Council October 7, 2016

My annual report as the faculty athletics representative (FAR) accompanies the annual report of the Faculty Athletics Committee (FAC).

The general duties of the FAR at UNC are, pursuant to a position description approved by the Chancellor in September 2011, to serve as an advisor to the Chancellor and the Director of Athletics, and as a liaison to the faculty. Areas of focus include the academic success and academic integrity of student-athletes, compliance with ACC and NCAA rules, and a positive student-athlete experience. I also help represent the University at the ACC and participate in NCAA activities.

I have regular monthly meetings with

- the Chancellor;
- the Athletics Director;
- the Director of ASPSA, often together with Joy Renner, Chair of FAC, and Abigail Panter, Senior Associate Dean for Undergraduate Education;
- I attend the Athletic Director's monthly meetings with the head coaches; and
- I attend the monthly meetings of the Student-Athlete Advisory Council (SAAC).

My regular duties and activities as the FAR include the following:

- Ex officio member and secretary of FAC (meets monthly during the academic year);
- Ex officio member of the Educational Foundation Executive Board (meets quarterly);
- Ex officio member of the Faculty Advisory Committee to the Academic Support Program for Student-Athletes (ASPSA) (meets 5 times per year);
- Ex officio member of the Committee on Special Talent of the Advisory Committee on Undergraduate Admissions (meets as needed, approximately 6 times per year);
- Ex officio member of the Process Review Group, the successor to the Student-Athlete Academic Initiative Working Group (meets 4 or 5 times per year);
- Ex officio member of the Athletic Department's Title IX Review Committee (began work in spring 2016 and continuing through this year);
- Ex officio member of the Licensing Labor Code Advisory Committee (meets as needed; did not meet in 2015-16);
- Chair the meetings of CARE (Compliance, Academics, Registrar, Engagement) (meet monthly during the academic year);
- Chair the Athletic Council (meets once or twice each year);
- Monitor the academic progress of student-athletes, report to the FAC data on the Academic Progress Rate (APR) and Graduation Success Rate (GSR) of our student-athletes, and consult on plans for improvement (a chart is attached showing a sample of this data over time and in comparison with other institutions);
- Attend numerous athletic contests and other student-athlete events, including orientation, the Baddour Leadership Academy recognition dinner, the Student-Athlete Scholarship luncheon, Scholarship donor dinners, and letter winner ceremonies;

- Serve on the Awards Committee that coordinates the application process for NCAA and ACC postgraduate scholarship awards and assists in the selection of nominees for other academic or service awards (meets 2 or 3 times a year);
- Serve on the group that reviews the uses and guidelines for the Student Assistance Fund (meets 1 time per year);
- Serve on the committee that annually reviews the Department of Athletics' Drug Testing Policy for Student-Athletes (meets 1 time per year);
- Serve on search committees or interview candidates for various positions in the Athletics Department and ASPSA;
- Review, with the Registrar, the Senior Associate Dean for Undergraduate Education in the College of Arts and Sciences, and two members of FAC student-athlete enrollment and grade patterns;
- Support the university's compliance program regarding NCAA regulations;
- Participate in investigations of potential NCAA rules violations;
- Review and approve in conjunction with the Chancellor and/or the Director of Athletics institutional requests for waivers of ACC and NCAA rules;
- o Be advised of and review secondary violations of NCAA rules;
- o Administer the NCAA test on recruiting to all coaches annually;
- Evaluate NCAA legislative proposals and participate in ACC discussions;
- Represent the university in meetings of the ACC (as described more fully below).

Within the ACC, the chancellor/president, the director of athletics, the senior woman administrator, and the faculty athletics representative of each member school have the primary governance and operating responsibility. Conference by-laws direct that unless the chief executive officer is present, the faculty athletics representative shall be the voting delegate for the institution. I assist in advising the Chancellor before the ACC Presidents/Chancellors meetings which occur two times per year. As FAR, I participate in regular conference meetings in October, December, January/February, May, and in any specific committee assignments. I serve on the ACC Finance Committee, the Investment Committee, the Audit Subcommittee, the Constitution and By-Laws Committee, the Nominating Committee, the Television Committee (ex officio), and the Awards Committee. As of July 1, 2014, I entered the ACC's officer rotation serving for 2014-15 as the ACC's Secretary-Treasurer, the Vice-President for 2015-16, and the President for 2016-17.

At the national level, I attended the Division I-A FAR Annual Conference in September 2016 and the NCAA National Convention in January 2016. I assist in reviewing and commenting on proposed legislation at the Division I level and the "autonomy" legislation for the Power Five Athletic Conferences.

I participate in other activities as requested or needed. I helped draft and review some portions of the University's March 11, 2016, submission to the Southern Association of Colleges and Schools Commission on Colleges (SACSOC) First Monitoring Report and met with the SACSCOC Special Committee when it was on campus in April 2016. I am participating in the University's response to the reopened NCAA investigation into academic issues.

I have attached some publicly available data regarding academic performance of studentathletes. This data is regularly reviewed by the Faculty Athletics Committee.

Appendix 1 (p. 4) shows a chart I prepared rom the NCAA websites listed following the chart. I choose to present the results from only 4 of our 28 intercollegiate athletic teams, focusing on some of the teams that might be in the public eye, but the full source material for these charts for 2014-15 are also attached if you desire more information about particular teams. It is important to note that the information presented in the charts on this page and in the NCAA reports that follow is only for student-athletes who received athletics aid in their first year of enrollment.

Appendix 2 (p. 6) presents the Graduation Success Rate and Federal Graduation Rate information for each team. The 2014-15 data is based on a 4-year average for the cohorts entering in 2005, 2006, 2007, and 2008 and based on six years to graduation.

Appendix 3 (p. 7) presents more detailed information with breakdowns by race/ethnicity, gender, and by team.

Appendix 4 (p. 12) presents the Academic Progress Rate information by team.

Appendix 5 (p. 16) is the list of UNC student-athletes named to the ACC Honor Roll for 2015-16, a record number.

Please feel free to contact me or the FAC Chair, Layna Mosley, with any comments or concerns.

Lissa Broome Wells Fargo Professor of Banking Law, School of Law Faculty Athletics Representative <u>lbroome@email.unc.edu</u>; 919-962-7066 <u>FAR@unc.edu</u>

Appendix 1: UNC-Chapel Hill: Multi-year GSR, FGR, and APR

For 2014-15, UNC-CH had seven teams in the top 10% of their sport for APR:

- Women's fencing (recognized every year 11 times)
- Women's golf (recognized every year 11 times)
- Volleyball (recognized 10 times)
- Gymnastics (recognized 7 times)
- Women's tennis (recognized 3 times)
- Men's swimming and diving (recognized 5 times)
- Men's tennis (recognized 2 times)

ACC Honor Roll - Number of students with a 3.0 or greater gpa for full academic year

2013-14	347	2015-16	356

**FGR** – Federal Graduation Rate. This graduation rate is reported by the Department of Education's National Center for Education Statistics as part of the Integrated Postsecondary Education Data System (IPEDS). This metric is a six-year rate that includes students who received athletic scholarship aid in their first semester of enrollment. The federal graduation rate counts student-athletes who left the University in good standing prior to graduation as non-graduates. This data is available for student-athletes at an institution and for the student body so it is a way of comparing the performance of student-athletes with the student body. https://webl.ncaa.org/GSRSearch/exec/homePage

**GSR** – Graduation Success Rate. The GSR is an NCAA metric and is calculated for student athletes who received athletics aid. The GSR adds students who transferred into the institution to the group of first-year students who received athletics aid and also differs from the FGR in that schools are not penalized when a student-athlete leaves in good academic standing to transfer to another institution, pursue a professional career, or for any other reason. Under the FGR, such departures are counted as failures to graduate from the institution of original enrollment, even if the student later graduates from another institution. <u>https://web1.ncaa.org/GSRSearch/exec/homePage</u>

**APR** – Academic Performance Rate. This is an NCAA metric based on the academic eligibility, retention, and graduation of student-athletes receiving athletically related financial aid. Points are awarded each semester per student-athletes on the basis of eligibility/graduation and retention. Each team member may earn two points per semester: one point for maintaining eligibility or for graduation, and a second point for being retained. On a team with ten members, for instance, there would be a maximum of 40 possible points in an academic year. If two student-athletes on the team were not eligible in the spring semester and were not retained, then the hypothetical team would only earn 36 points (losing 2 points for each student during that spring semester). The APR in this hypothetical example is calculated by first dividing 36 by 40 (equals .9), and then multiplying by 1000 to get an APR of 900. For 2015-16 going forward the standard for postseason play is a four-year APR of at least 930. https://webl.ncaa.org/maps/aprRelease.jsp

#Only student-athletes receiving athletics aid are included in this report.

#### INFORMATION ABOUT THE GRADUATION RATES REPORT

#### Introduction.

This information sheet and the NCAA Graduation Rates Report have been prepared by the NCAA, based on data provided by the institution in compliance with NCAA Bylaw 18.4.2.2.1 (admissions and graduation-rate disclosure) and the federal Student Right-to-Know and Campus Security Act. The NCAA will distribute this sheet and the report to prospective student-athletes and parents.

The Graduation Rates Report provides information about two groups of students at the college or university identified at the top of the form: (1) all undergraduate students who were enrolled in a full-time program of studies for a baccalaureate degree; and (2) student-athletes who received athletics aid from the college or university for any period of time during their entering year. [Note: Athletics aid is a grant, scholarship, tuition waiver or other assistance from a college or university that is awarded on the basis of a student's athletics ability.]

The report gives graduation information about students and student-athletes entering in 2008. This is the most recent graduating class for which the required six years of information is available. The report provides information about student-athletes who received athletics aid in one or more of eight sports categories: football, men's basketball, baseball, men's track/cross country, men's other sports and mixed sports, women's basketball, women's track/cross country and other women's sports. For each of those sports categories, it includes information in six self-reported racial or ethnic groups: American Indian or Alaska Native, Asian, Black or African-American, Hispanic or Latino, Native Hawaiian or Pacific Islander, nonresident alien, two or more races, White or non-Hispanic and unknown (not included in one of the other eight groups or not available) and the total (all nine groups combined).

A graduation rate (percent) is based on a comparison of the number (N) of students who entered a college or university and the number of those who graduated within six years. For example, if 100 students entered and 60 graduated within six years, the graduation rate is 60 percent. It is important to note that graduation rates are affected by a number of factors: some students may work part-time and need more than six years to graduate, some may leave school for a year or two to work or travel, some may transfer to another college or university or some may be dismissed for academic deficiencies.

Two different measures of graduation rates are presented in this report: (1) freshman-cohort rate; and (2) Graduation Success Rate (GSR). The freshman-cohort rate indicates the percentage of freshmen who entered during a given academic year and graduated within six years. The GSR adds to the first-time freshmen, those students who entered midyear, as well as student-athletes who transferred into an institution and received athletics aid. In addition, the GSR will subtract students from the entering cohort who are considered allowable exclusions (i.e., those who either die or become permanently disabled, those who leave the school to join the armed forces, foreign services or attend a church mission), as well as those who left the institution prior to graduation, had athletics eligibility remaining and would have been academically eligible to compete had they returned to the institution.

#### **Graduation Rates Report.**

1. <u>Graduation Rates Data.</u> The box at the top of the Graduation Rates Report provides freshman-cohort graduation rates for all students and for student-athletes who received athletics aid at this college or university. Additionally, this box provides GSR data for the population of student-athletes. [Note: Pursuant to the Student-Right-to-Know Act, anytime a cell containing cohort numbers includes only one or two students, the data in that cell and one other will be suppressed so that no individual can be identified.]

a. All Students. This section provides the freshman-cohort graduation rates for all full-time, degree-seeking students by race or ethnic group. It shows the rate for men who entered as freshmen in 2008-09, and the fourclass average, which includes those who entered as freshmen in 2005-06, 2006-07, 2007-08 and 2008-09. The same rates are provided for women. The total for 2008-09 is the rate for men and women combined and the four-class average is for all students who entered in 2005-06, 2006-07, 2007-08 and 2008-09.

b. Student-Athletes. This section provides the freshman-cohort graduation rates and also the GSR for studentathletes in each race and ethnic group who received athletics aid. Information is provided for men and women separately and for all student-athletes.

c. Student-Athletes by Sports Categories. This section provides the identified graduation rates as in 1-b for each of the eight sports categories. (The small letters indicate the value of N).

#### 2. <u>Undergraduate Enrollment Data.</u>

a. All Students. This section indicates the number of full-time, undergraduate, baccalaureate, degree-seeking students enrolled for the 2014 fall term and the number of men and women in each racial or ethnic group.

b. Student-Athletes. This section identifies how many student-athletes were enrolled and received athletics aid for the 2014-15 academic year and the number of men and women in each racial or ethnic group.

c. Student-Athletes by Sports Categories. This section provides the enrollment data as identified in 3-b for each of the eight sports categories.

## **Public Report**

Institution: University of North Carolina, Chapel Hill

Date of Report: 04/18/2016

This report is based on NCAA Division I Academic Progress Rate (APR) data submitted by the institution for the 2011-12, 2012-13, 2013-14 and 2014-15 academic years.

[Note: All information contained in this report is for four academic years. Some squads may still have small sample sizes within certain sport groups. In accordance with the Family Educational Rights and Privacy Act's (FERPA's) interpretation of federal privacy regulations, data cells containing three or fewer student-athletes have been suppressed and are indicated by an \* symbol. The information in this report does not reflect any changes to data made after this date.]

The following chart represents by-sport APR averages for noted subgroups. National aggregates are based on all squads that have certified their academic data as final.

Sport (N)	Multiyear APR	2014-2015 APR	Percentile Rank	Percentile Rank within All Sports	All Divison I	Public Institutions	Private Institutions	Football Bowl Subdivision	Football Championship Subdivision	Division I (Non- Football)
					By Sport -	Men's				
Baseball (300)	965	987	30th-40th	10th-20th	970	966	978	974	968	969
Basketball (350)	974	1000	60th-70th	30th-40th	964	960	970	967	960	965
Cross Country (315)	994	1000	70th-80th	70th-80th	977	972	987	982	972	978
Football (251)	952	959	30th-40th	10th-20th	959	956	968	964	954	947

\* Denotes data representing three or fewer student-athletes. In accordance with FERPA's interpretation of federal privacy regulations, institutions should not disclose statistical data contained in this report in cells made up of three or fewer students without student consent.

N/A = No APR or not applicable.

N = Number of teams represented.

<sup>1</sup> Denotes APR that does not subject the team to ineligibility for postseason competition based on institutional, athletics and student resources and the team's Graduation Success Rate.

<sup>2</sup> Denotes APR that does not subject the team to ineligibility for postseason competition due to the team's demonstrated academic improvement.

<sup>3</sup> Denotes APR that does not subject the team to ineligibility for postseason competition due to the squad-size adjustment. The "upper confidence boundary" of a team's APR must be below 930 for that team to be subject to ineligibility for postseason competition. Squad-size adjustment does not apply to teams with four years of APR data and a multiyear cohort of 30 or more student-athletes.

<sup>4</sup> Denotes APR that does not subject the team to penalties due to the team's demonstrated academic improvement.

<sup>5</sup> Denotes APR that does not subject the team to penalties due to the squad-size adjustment. The "upper confidence boundary" of a team's APR must be below 930 for that team to be subject to penalties. The squad-size adjustment does not apply to teams with four years of APR data and a multiyear cohort of 30 or more student-athletes.

<sup>6</sup> Denotes APR based on a one year cohort, not subject to ineligibility for postseason competition and/or any penalties.

<sup>7</sup> Denotes APR based on a two year cohort, not subject to ineligibility for postseason competition and/or any penglities.

<sup>8</sup> Denotes that team is not subject to ineligibility for postseason competition and/or penalties based on institutional resources.
