

2010-11 Faculty Council Survey

This Year's Faculty Council Sessions—How did we do?

At the first meeting of the Faculty Council, we engaged in an “Appreciative Inquiry” exercise where we identified what had worked in the past and what we wanted the Faculty Council to be in the future. The main message from these discussions was that, in addition to carrying out the extensive work agenda of the Council, we wanted to explore issues in more depth, we wanted more interaction, and we wanted to get a sense of the perspectives from different parts of campus.

Please take a few minutes to give us your thoughts about how the Faculty Council worked for you this year in relationship to these objectives. You can leave the completed form on your seat or put it in the box on the table in the back of the room as you exit the room. Feel free to use the back of the sheet and to make comments that go beyond these questions.

Please circle one: This is my 1st, 2nd, 3rd year of my term on the Faculty Council, or I am not a Faculty Council member.
