Faculty Council
The University of North Carolina at Chapel Hill

Dear Faculty Council,

Below is the 2019 APT Annual Report to the Faculty Council, including tables summarizing the Committee's decisions and the Committee's membership roster. The Committee on Appointments, Promotions and Tenure (APT Committee) "is advisory to the provost in any faculty personnel matter deemed important by the provost or the committee" and specifically with respect to:

- appointments, reappointments, and promotions that confer permanent tenure
- promotions to a higher rank of persons holding permanent tenure at the rank of associate professor or assistant professor
- appointments to distinguished professorships that are not restricted by the terms of the endowment to a particular school or department
- review of school and department APT policies

The APT Committee carried out its work through monthly meetings and subcommittee assignments between meetings. The Committee was chaired by Stephen Crews. The Committee reported its recommendations each month to the Provost. In addition, the Committee Chair on occasion communicated to unit Chairs and Deans regarding dossiers and policies. This year, the Committee Chair (Crews) and member Stephen Hooper were members of the UNC-Chapel Hill Taskforce on Promotion and Tenure Policies and Practices. Dr. Crews is also a member of the Taskforce Implementation Committee.

As shown in the table below, 155 dossiers required a vote by the APT Committee in 2019. Ten dossiers were returned to their respective units for additional information; 1 dossier was returned twice. Thus, there were a total of 148 distinct dossiers considered in 2019. Promotion was approved for 143 dossiers, 2 were not approved, 1 was withdrawn, and 2 were returned and will be considered in 2020.

I will be glad to discuss any aspects of the APT Committee's work.

Sincerely,

Stephen Crews
Chair, APT Committee
Professor of Biochemistry and Biophysics
UNC School of Medicine
