

Resolution 2021-4. On Supporting a Safe and Inclusive Campus

The Faculty Council resolves:

We acknowledge the deep pain, fear, and anger that continued acts of police violence against people of color have evoked both inside and outside of our community.

We also acknowledge and affirm the transgender members of our community, and support all who work for their health, dignity, and well-being.

We support the efforts of all those who are working to make our campus more inclusive and safe.
