RE: Annual Report of the Committee on Appointments, Promotions and Tenure

January 10, 2022

Dear Members of the Faculty Council,

The Committee on Appointments, Promotions and Tenure (APT Committee) “is advisory to the provost in any faculty personnel matter deemed important by the provost or the committee” and specifically with respect to:

- appointments, reappointments, and promotions that confer permanent tenure
- promotions to a higher rank of persons holding permanent tenure at the rank of associate professor or assistant professor
- appointments to distinguished professorships that are not restricted by the terms of the endowment to a particular school or department
- review of school and department APT policies

The 2021 APT Annual Report to the Faculty Council attached includes a table summarizing the Committee’s decisions from January to December 2021 and the Committee’s membership roster. The APT Committee carried out its work through monthly meetings and subcommittee assignments between meetings. The Committee was chaired by Karin Pfennig through June 2021 and then by Stuart Gold as of July of the same year till now. The Committee reported its recommendations each month to the Provost. In addition, the Committee Chair, when necessary, communicated to unit Chairs and Deans regarding dossiers, policies and suggestions from the committee.

As shown in the table attached, 132 dossiers required a vote by the APT Committee in 2021. One dossier was returned to its respective unit for additional information. Promotion was approved for 132 dossiers, none were not approved, none were withdrawn, and none were returned for reconsideration in 2021.

I am happy to discuss any aspects of the APT Committee’s work.

Sincerely,

Stuart H. Gold, MD  
Distinguished Professor, Pediatrics  
Division Chief, Pediatric Hematology/Oncology
