RE: Annual Report of the Committee on Appointments, Promotions and Tenure

Dear Members of the Faculty Council:

The Committee on Appointments, Promotions and Tenure (APT Committee) “is advisory to the provost in any faculty personnel matter deemed important by the provost or the committee” and specifically with respect to:

- appointments, reappointments, and promotions that confer permanent tenure;
- promotions to a higher rank of persons holding permanent tenure at the rank of associate professor or assistant professor;
- appointments to distinguished professorships that are not restricted by the terms of the endowment to a particular school or department; and
- review of school and departmental APT policies.

The 2022 APT Annual Report to the Faculty Council attached includes a table summarizing the Committee’s decisions from January to December 2022 and the Committee’s membership rosters. The APT Committee carried out its work through monthly meetings and subcommittee assignments between meetings. The Committee was chaired by Stuart Gold through June 2022 and by Joan Krause from July 2022 through the present. The Committee reported its recommendations each month to the Provost. In addition, the Committee Chair, when necessary, communicated to unit Chairs and Deans regarding dossiers, policies, and suggestions from the Committee.

As shown in the attached table, 169 dossiers representing 158 candidates required a vote by the APT Committee in 2022; this includes eleven dossiers that were returned to their respective units for additional information and resubmitted to the Committee. Promotion was approved for all dossiers; none were not approved, none were withdrawn, and none were returned for reconsideration in 2022.

I am happy to discuss any aspect of the APT Committee’s work.

Sincerely,

Professor Joan H. Krause
Chair, APT Committee
Dan K. Moore Distinguished Professor of Law, UNC School of Law
